

Garden Designer

Job position: Garden Designer

Location: Rancho Dos Colinas / Sunchasers Nature Resort - Esterillos Este

Location / Employer Summary:

Rancho Dos Colinas is a new eco-friendly community located in Esterillos Este, Costa Rica. The community surrounds Sunchasers Nature Resort which is currently under construction and will be opening January 2022. The owners of Rancho Dos Colinas and Sunchasers are looking to implement regenerative and cooperative approaches to the gardens, livestock, and microfarms within their community. Wells and rain water capture infrastructure for irrigation are currently being installed to aid in forwarding the sustainable vision of Rancho Dos Colinas.

Job Description: To consult on the continued design and organization of holistic approach microfarm, vegetable garden, and small fruit orchard, as well as mixed gardens (ornamental/fruit) of the Eco Resort. To select appropriate species and supervise the planting, layout, and overall architecture of the gardens. The position requires experience and/or education in horticulture, regenerative planting, and/or holistic farming.

Dates: October 15th - November 15th, 2021

Pay: TBD (on site lodging included)

Note: the position is for a 4 week full time consultant position, but can lead into a part time or full time managerial position depending on performance, location, and willingness of applicant.
