INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of EARTH University Foundation, Inc.

We have audited the accompanying financial statements of EARTH University Foundation, Inc. (a nonprofit organization) (the "Foundation"), which comprise the statement of financial position as of December 31, 2020 and 2019, and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Foundation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of EARTH University Foundation, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in conformity with GAAP.

EARTH UNIVERSITY FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE A - NATURE OF ORGANIZATION

Organizational Purpose

EARTH University Foundation, Inc. (the "Foundation") was incorporated in the state of Delaware in 1989 and relocated to Atlanta, Georgia in 1997. The Foundation is a nonprofit corporation whose purpose is to foster educational programs in teaching, research, and dissemination of knowledge about agriculture and conservation of the tropical region and in furtherance of the foregoing purpose, to raise and provide financial and other support for the programs of the Escuela de Agricultural de la Region Tropical Humeda (EARTH). EARTH's stated mission is to prepare leaders with ethical values to contribute to the sustainable development of the tropics and to construct a prosperous and just society. EARTH's vision is that its actions are directed toward building a future in which the tropics and its communities achieve social, economic, and environmental well-being. EARTH accomplishes its mission and vision by implementing a value structure which includes human development, academic excellence, ethical behavior, social consciousness, the search for knowledge, sustainable development, and biodiversity conservation.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Foundation follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

Presentation

Net assets, along with revenues, expenses, gains and losses, are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Foundation and changes therein are classified and reported as follows:

- Net Assets Without Donor Restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Foundation.
- Net Assets with Donor Restrictions – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that such resources be maintained in perpetuity.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Foundation's financial instruments that are exposed to concentrations of credit risk consist primarily of cash and cash equivalents, endowment and other investments and pledges receivable. At times, cash and cash equivalent balances may exceed federally insured amounts. Management believes that cash and other investments are maintained at financial institutions with high credit ratings that would, accordingly, carry a low risk of potential loss. Management continually monitors receivable balances and believes that its exposure to credit risk is limited. Endowment and other investments are exposed to various risks, such as interest rate risk, market risk and credit risk. If liquidity issues arise in the global credit and capital markets, it is at least reasonably possible that these changes in risks could materially affect the amounts reported in the accompanying financial statements.

The Foundation has experienced a disruption of normal business operations caused from COVID-19. The overall financial impact cannot be determined through the date of this report, however, it is reasonably possible that changes in risks in the near term could occur which could result in a material change to the financial statements.

Pledges Receivable

Contributions are recognized when the donor makes a pledge to give to the Foundation. Contributions restricted by the donor for the benefit of EARTH or EARTH scholarships are recorded as donor restricted net assets. Pledges receivable consist of these uncollected pledges, net of an allowance for uncollectible pledges and a present value discount. The Foundation uses the allowance method to determine uncollectible pledges receivable. The allowance is based on prior years' experience and management's analysis of specific pledges made.

The Foundation had one major donor that comprised approximately 23% of pledges receivable and three major donors that comprised 100% of endowment pledges receivable at December 31, 2020. At December 31, 2019, the Foundation had two major donors that comprised approximately 38% of pledges receivable and four major donors that comprised approximately 91% of endowment pledges receivable. At December 31, 2020 and 2019, 73% and 22% of revenues from contributions and pledges were from one donor, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Endowment Fund

GAAP requires the following financial statement disclosures for the Foundation:

- Classification of net assets

Endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

- Interpretation of Relevant Law

The Foundation has interpreted the Georgia Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment fund absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation retains in perpetuity (a) the original value of initial and subsequent gift amounts donated to the endowment and (b) any accumulation to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added. Donor-restricted amounts not retained in perpetuity are subject to appropriation for expenditures by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund.
- (2) The purposes of the Foundation and the donor-restricted endowment fund.
- (3) General economic conditions.
- (4) The possible effect of inflation and deflation.
- (5) The expected total return from income and the appreciation of investments.
- (6) Other resources of the Foundation.
- (7) The investment policies of the Foundation.

- Return Objectives and Risk Parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified period(s). Under this policy, as approved by the Foundation, the endowment assets are invested in a manner to attain an average annual real total return, net of investment management fees, of at least 5% over the long term.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Endowment Fund (Continued)

- Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation to achieve its long-term return objectives within prudent risk constraints.

- Spending Policy

The Foundation has a spending policy approved by the Foundation's Board of Trustees that is designed to ensure that the real value of both the funds and of the spending stream is maintained over time. The Foundation's spending policy states that annuities from endowed scholarship gifts are approved by the Chairman of the Board of Trustees on behalf of the board every four years as the funds become available for a new incoming student. Annuities from other endowed gifts, such as Professorships and Programs are approved by the Chairman of the Board of Trustees annually, depending on the nature of the gift. The maximum base to which the 5% rule is applied, is calculated using a rolling average of the market during the previous 36 months. The value of endowment using the average month-end values of the fund cumulatively.

- Underwater Endowment Funds

From time to time, certain donor-restricted endowment funds may have fair values less than the amount required to be maintained by donors or by law (underwater endowments). The Foundation has interpreted UPMIFA to permit spending from underwater endowments in accordance with prudent measures required under law. The Foundation's policy is to refrain from disbursement from individual endowment funds if the fund's value is 95% or less of the corpus. At December 31, 2020 and 2019, the Foundation did not have any endowments that were underwater.

Investments

Investments are carried at fair market value in accordance with GAAP. Fair value is determined from quoted market prices or market prices of similar instruments. Realized and unrealized gains and losses from investments are reflected as investment return within the Statement of Activities and Changes in Net Assets.

Fair Values Measured on Recurring Basis

The FASB issued a pronouncement on fair value measurement defining fair value, establishing a framework for measuring fair value and expanding disclosures about fair value measurements.

**EARTH UNIVERSITY FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Values Measured on Recurring Basis (Continued)

FASB establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The table below represents fair value measurement hierarchy of the Foundation's assets at fair value as of December 31:

	<u>Fair Value</u>	<u>Level 1</u>	<u>2020</u> <u>Level 2</u>	<u>Level 3</u>	<u>NAV (a)</u>

Fair values for investments are determined by reference to quoted market prices, market transactions and other relevant information.

(a) In accordance with GAAP, certain investments that are measured using the net asset value (“NAV”) per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the carrying values disclosed in the “Endowment Fund” section of Note B.

Investments Measured at NAV per Share or Equivalent

The Foundation’s investment advisor performs ongoing due diligence of the funds which includes benchmarking and comparing the results of the fund to certain applicable indices. The Foundation’s investment advisor also has regular calls with management of the funds and meets periodically with the Foundation’s Board of Trustees and reports the performance of funds. There were no changes in valuation techniques noted for these funds for 2020 and 2019.

Property and Equipment

Property and equipment are recorded at cost or fair value at the date of gift and is depreciated on a straight-line basis over estimated useful lives ranging from three to seven years. The Foundation follows the practice of capitalizing all equipment expenditures in excess of \$1,000.

EARTH UNIVERSITY FOUNDATION, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions

Contributions are recognized when cash, securities or other assets, or an unconditional promise to give is received. Conditional promises to give are not recognized until the conditions on which they depend have been substantially met.

The Foundation records gifts of property and equipment as net assets without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, as well as gifts of cash or other assets that must be used to acquire long-lived assets, are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Marketable securities, and other assets, are recorded at their fair market value on the date of receipt. If donated services received either create or enhance non-financial assets or require specialized skills which would need to be purchased if not donated, the value of those donated services would be recorded in accordance with GAAP. No donated services were received during the years ended December 31, 2020 and 2019.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the Statement of Activities and Changes in Net Assets. The Statement of Functional Expenses present the natural classification detail of expenses by function. Costs, which are not specifically attributable to a specific program or supporting activity, are allocated by management on a consistent basis among program and supporting activities benefited, based on either financial or nonfinancial data, such as headcount or estimates of time and effort incurred by personnel.

Income Taxes

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code and therefore, no provision for income taxes is required. In addition, the Foundation has been determined by the Internal Revenue Service not to be a private foundation within the meaning of Section 509(a) of the Code. In 2007, the Foundation received approval from the IRS that it was considered to be a public charity under Section 509(a)(1) and 170 (b)(1)(a)(vi) of the Internal Revenue Code, since it receives a substantial part of its support from governmental grants and the general public.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes (Continued)

The Foundation annually evaluates all federal and state income tax positions. This process includes an analysis of whether these income tax positions the Foundation takes meet the definition of an uncertain tax position under the Income Taxes Topic of the Financial Accounting Standards Codification. In the normal course of business, the Foundation is subject to examination by the federal and state taxing authorities. In general, the Foundation is no longer subject to tax examinations for the tax years ending before December 31, 2017.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through the date of this report, which is the date the financial statements were available to be issued.

NOTE C - CASH AND CASH EQUIVALENTS

For the purpose of the Statement of Cash Flows, the Foundation considers all short-term liquid investments with maturities of three months or less to be cash equivalents. Cash and cash equivalents consist of the following at December 31:

NOTE D - PLEDGES RECEIVABLE, NET

The Foundation receives donor restricted pledges for scholarships, projects and programs that are temporarily in nature and pledges without donor restrictions, some of which are to be received over several years. The Foundation records these multi-year pledges net of a present value discount. These discounts are amortized between the date the promise to give is initially recognized and the date the cash or other contributed assets are to be received. As of December 31, 2020 and 2019, the fair value of contributions receivable is estimated by discounting the future cash flows using a rate between 2.17% and 4.52%.

As of December 31, pledges receivable are as follows:

	<u>2020</u>	<u>2019</u>
Amounts receivable in less than 1 year	\$ 339,472	\$ 547,713
Amounts receivable in 1 to 5 years	<u>2,546,445</u>	<u>3,550,985</u>

NOTE H - PAYCHECK PROTECTION PROGRAM LOAN

In May 2020, the Foundation obtained a Small Business Administration loan under the Paycheck Protection Program (“PPP”) in the amount of \$169,900. The PPP loan bears interest at 1.00% and may require repayment under certain circumstances. Under the terms of Coronavirus Aid, Relief, and Economic Securities Act (the “CARES Act”) and the Paycheck Protection Program Flexibility Act (“PPFSA”), the Foundation may apply with the lending institution for PPP loan proceeds used within a specified time period to be forgiven, provided the proceeds are used to cover certain payroll and other expenses as defined by the CARES Act and the PPFSA. Initial repayments of the loan amount are deferred until the date the SBA remits the loan forgiveness funds to the lending institution, or until 10 months after the end of the forgiveness coverage period if the Foundation does not apply for forgiveness. The loan currently matures in May 2022. As of the date of this report, the Foundation has applied for loan forgiveness and is waiting on determination.

NOTE L - RETIREMENT PLAN AND TAX DEFERRED ANNUITY PLAN

The Foundation sponsors a defined contribution retirement plan and a tax-deferred annuity plan that operate under Section 403(b) of the Internal Revenue Code. Benefits are provided through the Teachers Insurance and Annuity Association (TIAA) and the College Retirement Equities Fund (CREF). An employee may make contributions to this plan immediately. An employee becomes eligible for matching contributions after one year of employment with the Foundation. The Foundation matches employee contributions to the defined contribution retirement plan up to 5% of annual gross salary. The Foundation's portion of this contribution for the years ended December 31, 2020 and 2019 totaled \$40,728 and \$36,871, respectively.

NOTE M - LIQUIDITY AND AVAILABILITY OF RESOURCES

For purposes of analyzing resources available to meet general expenditures for 2020, the Foundation considers cash, pledge receivables without donor restrictions and pledges receivable with donor restrictions (scholarships and programs) that will be collected and available in 2020 for activities that are ongoing and major to the Foundation. The Foundation does not include appropriated earnings from donor-restricted endowments as these funds have not been appropriated by the Board of Trustees as of December 31. Financial assets available for general expenditures, within one year as of December 31, 2020 and 2019 are as follows:

NOTE M - LIQUIDITY AND AVAILABILITY OF RESOURCES (Continued)

The Foundation is substantially supported by restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Foundation maintains sufficient resources to meet those responsibilities to its donors. Thus, certain financial assets may not be available for general expenditures within one year. As part of Foundation's liquidity management, the Foundation structures its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Board of Trustees could vote to make investments available for general expenditures.
